Application Essays

Question 1 (Required)

How does the University of Chicago, as you know it now, satisfy your desire for a particular kind of learning, community, and future? Please address with some specificity your own wishes and how they relate to UChicago.

Question 2: Choose one of the six extended essay options below and upload a one- or two-page response.

Option 1: We're all familiar with green-eyed envy or feeling blue, but what about being "caught purple-handed"? Or "tickled orange"? Give an old color-infused expression a new hue and tell us what it represents. – Inspired by Ramsey Bottorff, Class of 2026

Option 2: "Ah, but I was so much older then / I'm younger than that now" – Bob Dylan. In what ways do we become younger as we get older? – Inspired by Joshua Harris, Class of 2016

Option 3: Pluto, the demoted planet. Ophiuchus, the thirteenth Zodiac. Andy Murray, the fourth to tennis's Big Three. Every grouping has something that doesn't quite fit in. Tell us about a group and its unofficial member, why (or why not) should it be excluded? – Inspired by Veronica Chang, Class of 2022

Option 4: "Daddy-o", "Far Out", "Gnarly": the list of slang terms goes on and on. Sadly, most of these aren't so "fly" anymore – "as if!" Name an outdated slang from any decade or language that you'd bring back and explain why you totally "dig it." – Inspired by Napat Sakdibhornssup, Class of 2028

Option 5: How many piano tuners are there in Chicago? What is the total length of chalk used by UChicago professors in a year? How many pages of books are in the Regenstein Library? These questions are among a class of estimation problems named after University of Chicago physicist Enrico Fermi. Create your own Fermi estimation problem, give it your best answer, and show us how you got there. – Inspired by Malhar Manek, Class of 2028

Option 6: And, as always... the classic choose your own adventure option! In the spirit of adventurous inquiry, choose one of our past prompts (or create a question of your own). Be original, creative, thought provoking. Draw on your best qualities as a writer, thinker, visionary, social critic, sage, citizen of the world, or future citizen of the University of Chicago; take a little risk, and have fun!
