Application Essays

The University of San Diego offers diverse educational opportunities grounded in the liberal arts and sciences. First-year students are immersed in one of our five Living Learning Communities (LLC), with the themes reflecting the vitality of the liberal arts tradition: Advocate, Collaborate, Cultivate, Illuminate and Innovate. Select one of these five themes and describe how it resonates with you and why. (Please note that your response to this question will not impact any future LLC placement).

Now choose one of the three prompts below to write about. Essays should be approximately 200 words in length.

Option - 1 : What contribution have you made to your current school and/or local community that best exemplifies your awareness of and commitment to creating a diverse, inclusive and equitable community? Here at USD, we believe that our campus community and the communities we engage with are integral parts of who we are as a university. Our newly launched Horizon Project is a call to action, ensuring that we are dedicating the time, energy and resources necessary to build an ever more diverse and inclusive campus community. We value the fact that our students come from all walks of life, have experienced different realities and bring with them an array of unique perspectives, including some that have often been underrepresented and underserved by higher education.

Option - 2 : Use this space to write about one of the challenges facing humanity today. Why does it matter to you? What experiences or insights have you had that speak to the urgency of this issue. As a proud Changemaker Campus, as designated by Ashoka U, the USD experience emphasizes changemaking through social justice efforts, civic engagement, social innovation, creativity and a global perspective.

Option - 3 : Share some of your ideas about the role of faith or spirituality in your life or the life of someone you know. As a contemporary Catholic university, we welcome and celebrate students from every background and faith tradition, including those who do not identify with a faith tradition. We devote great time and energy to ensuring all students feel connected to the vibrant USD community, including opportunities to grow in their relationship with God while considering who they are, what they believe and who they are called to become.
