Application Essays

- The transition from middle to high school is a key time for students as they reach new levels of both academic and personal discovery. Please share a book (novel, non-fiction, etc.) that had a serious impact on you during this time. Please focus more on why this book made an impact on you and less on the plot/theme of the book itself (we are not looking for a book report). (200-300 words)
- We are not restricting you to the exact years of 8th-9th grades, but rather the general timeframe of the middle to high school transition, which can extend somewhat further than one year on each end. Feel free to use your discretion in your choice of the timeline focused on the shift to your high school years. (200-350 words)
