Think outside the box as you answer the following questions. Take a risk and go somewhere unexpected. Be serious if the moment calls for it, but feel comfortable being playful if that suits you, too.

Applicants to the School of Arts & Sciences or the School of Engineering:
Please respond to one of the following three prompts in 200-250 words:

- It's cool to love learning. What excites your intellectual curiosity and why?

- ·How have the environments or experiences of your upbringing – your family, home, neighborhood, or community – shaped the person you are today?

- ·Using a specific example or two, tell us about a way that you contributed to building a collaborative and/or inclusive community.
